Position yourself in one or more of the wide variety of topics up for discussion

Worlddidac – Where education comes together

Practically at the heart of Europe, Switzerland is surrounded by five countries which lead to its multilingual culture and also to its versatile, high quality education system. With a long standing tradition of holding high quality international exhibitions in Switzerland and the world, the move to Bern is a logical consequence towards ensuring sustainability and awareness with regard to worldwide education and standards.

What will you see at the show?

-  National and international Exhibitors from 24 countries
-  Professional visitors from 77 nations
-  Over 2000 purchasers from Switzerland and abroad
-  Focal themes and special areas
-  Educational Conference, workshops and product presentations
