Why Ecuador:

After years of educational reform and policy design, Ecuador is one of the Latin-American countries with the highest potential in its education infrastructure. National programs as well as international donors such as the World Bank, IDB, EBRD, MCC are focusing on the most challenging educational activities to offer Ecuador as one of the most favorite destinations for foreign investment for decades to come. Educational stakeholders in Ecuador will need to know the most advanced educational solutions to offer the best return on investment that the educational system need to consider.

Why Worlddidac (www.worlddidac.org):

Worlddidac is the only global trade association of manufacturers and suppliers of EdTech solutions, not representing any national interest from one education system over another. Innovation and competitive advantages offered by Worlddidac members make the association worth considering for conferences, exhibitions, research papers, and partnerships, driving the world of education as an indispensable support toward enriching national economies for more qualification and socio-economic progress.

CONCEPTUAL NOTE AND PRELIMINARY AGENDA

OBJECTIVES OF THE EVENT

- Promote the exchange and link between academia, industry, the state and international cooperation in the promotion of technical education in Ecuador.
- Connect organizations, companies, and experts to foster dialogue, partnerships, and initiatives to advance educational development and promote innovation.
- Collaborate with policy makers to identify, address and resolve gaps in education.
- Encourage companies that value integrity and business ethics and want to have a positive impact on education to join us.

FORMAT OF THE EVENT:

The event has been divided into 6 working groups over 3 days with sessions of 90 minutes. Each session will be aimed at a specific group of participants divided into:

- **Group 1 and 2:** Government institutions in charge of education in Ecuador
- **Group 3 and 4:** Ecuadorian public and private universities of greater relevance in EDTECH.
- **Group 5 and 6:** Ecuadorian public and private VET institutes of greater relevance in EDTECH.

Each group of participants during the 90 minutes of the session, will be able to present their position regarding their activities on EDTECH and, in turn, receive high-level EDTECH solution presentations from the participating companies.
